TECHNICAL PROJECTS

Kind Words

Project Lead, Full-Stack Developer in Training

MongoDB, Express, React, Node

- Architected a single page app using MERN full-stack and Bootstrap modals for a seamless, interactive, and intuitive user experience
- Created a NoSQL database for data flexibility, storage scalability, and high speed response to queries
- Implemented a user login and registration using front end validations and Webtokens for secure and personal user experience
- Built a live chat functionality with Socket.IO to connect multiple logged in users in real-time

Meet Market

Full-Stack Developer in Training

Python, Django, MySQL

- Engineered peer-to-peer posting using Python Django for a fast project ramp-up and future scalability and designed using Bootstrap for clean and engaging user interface
- Constructed a MySQL database to tie user login/registration and listing systems with sessions and posting activity on the site.
- Implemented a lightweight Admin system using Django to oversee user activity and utilize CRUD

Activity Center

Full-Stack Developer in Training

C#, .NET, MySQL

- Developed using C# and ASP.Net Core for high productive, quick, multi-user event planning
- Utilized front-end validation with Bcrypt password hashing to enhance user security
- Integrated Google Maps API to allow users to view location of activities

TECHNICAL SKILLS

Languages

Javascript
C#
Python
HTML5
CSS
jQuery
AJAX
JSON

Other

Jira
Unity
PlasticSCM
GitHub
SourceTree
AWS
Postman

Frameworks

BootStrap
Flask
Django
Mongoose
Express
React.js
Node.js
API
RESTful
Socket.io
Webtokens
ASP.NET
LINQ
Entity Framework

Databases

MySQL
MongoDB

WORK EXPERIENCE

Teaching Assist (Part-Time)

Coding Dojo. | Remote

2020 - Current

- Support students in HTML, CSS, JS, MySQL, jQuery, AJAX, Python, Django through live demos, code reviews and 1 on 1's
- Create and support a fun atmosphere for learning and provide student feedback to instructors

Accountant

Prime Healthcare Services Inc.

2012 - 2017 - Ontario, CA

- Prepared and analyzed monthly financial statements \$5M and assist in documentation and testing of internal controls
